

What participants say about our tasting events...

Interesting, fun, great & unique way to entertain!

"An informative and thoroughly enjoyable evening; I never knew olive oil could be so interesting! An olive oil tasting is a great and unique way to entertain one's friends." *(Gail & John Pearce, Toronto)*

"We really enjoyed our Olive Oil tasting experience. You educated us well (you have so much knowledge to share!) and you made it enjoyable and fun at the same time. I will definitely recommend the experience to my other friends." *(Cindy Meagher, Oakville, Ontario)*

"Prior to attending an Olivar tasting, olive oil was just a staple in my pantry for regular cooking. Now that I am more educated on the subject, I am being more creative and thoroughly enjoying the health benefits of olive oil. It has replaced my store bought dressings and butter in many instances. For a tasty simple treat, I toast some whole wheat bread and drizzle olive oil over it....yummy! My favorite drizzeler is Parqueoliva - strong grassy flavour with a real kick." *(Nancy Sprague, Acton, Ontario)*
